## Kites for Kids Workshops

### Science Week 2018

Dear Parents and Guardians,

As part of Science Week - 13<sup>th</sup> to 17<sup>th</sup> August - all classes will be participating in a kite making workshop on **Friday 17<sup>th</sup> August** with Joanne Baker.

Joanne, from “**Kites 4 Kids**” will come to the school and assist the children to assemble their own kites, which actually fly. They come in a kit form, with all of the materials needed to make a kite included.

There are 2 different types of kites, one more suitable for younger children and a larger one which is more difficult to make and fly which is suited to the older children.

All classes will participate in this workshop.

The cost for the kites, including the kite-making workshop is **\$10.00 per child.**

Please send permission and payment to your child's teacher by Friday 10<sup>th</sup> August.

*Regards, Science Team*
